APPALOOSAS! (Column writer, send info, please!)
The column will appear Feb., April, June, Aug., Oct. & Dec., so writer
get in some columns, please? Thanks! When painting an Appaloosa, remem-
ber the spots do not fall evenly spaced on the white patch or the dark
areas. They tend to look as though someone splattered them on. So many
times the newer repainters will put them on dot by dot until the model
looks like it has the measles! Buy a copy of a horse magazine like West.
Horseman & check their 'ketch Pen' items for top app patterns. Thanks...

PINTOS ON PARADE (I need articles) Kathy Lang The two terms, SKEWBALD & PIEBALD tend to confuse people, though they are rarely seen in the USA. A PIEBALD is a black/white 'Pinto' horse, whereas a SKEWBALD is white & any other color Pinto. Hope that helps!

PLEASE READ! IMPORTANT ANNOUNCEMENT FROM WINDSOR, INC.! As of Jan. 1st,
1978, WINDSOR INC.

will have closed its doors to the public, hopefully this will be only a temporary decision. As of now our plans for the future are extremely shaky--out of state transfer necessitates the closing of the stable. When the next 3 years have passed, hopefully I'll have time to reopen WINDSOR! On the practical side, I hope you've all seen the dispersal sale ads. There may be horses left so if you're interested in buying some excellent TB stock, write w/SASE for list--all makes, reps, race, show & broodstocks. Secondly, the BHC will be run by Cindy Walker & I hope you will all give her the support you've given me in the first 2 years of the magazine. Reach her at 5 Spruce Rd., Wescosville, PA 18106. Refunds will be made to subscribers. Thirdly, PUBLIC ENEMY NO.1 will still be standing to public stud being managed by Big City TB's, Mary Highwart, 2331 Warwood Ave., Wheeling, W. VA 26003. Mary has been 1 of our closest friend over the last 4 years & we have the utmost confidence in her reliability. Watch for an ad featuring him soon!... I'd like to take time to thank everyone who made WINDSOR's first 4 years some of the most enjoyable of my life: Lori Manning, Andi Pratt, Kim VanKensselaer & Mary Highwart, 4 of my shoulders of support thru everything. A big thanks also goes to Beth Wetzel, Bob Fornaro, Pat Brephy, Cindy Walker, Clara C., all the MHS gang who were so patient thru all the mistakes... And of course, to Linda our editor who was never too busy to 'sit & chat'. Many thanks to all the show & race entrants & all MHSJ benefit supporters! The biggest, deepest thanks go to 2 wonderful friends & horsewomen, Ruth Lent who really started my little herd for me, & Karen Finley, 1 of the greatest rep/remakers. Both are 2 of the finest folks to walk the trail of model showing & I'm glad I got a chance to meet them... Before I go, I'd like to take time to say that model showing was quite an experience for me. There were great times, like when the work pays off & your horse wins a Championship, & times when you felt like quitting it all. Though the competition was always steep, it was always wrt the challenge & that's what made every blue ribbon mean a lot. If I may be corny for a minute, WINDSOR started out with 5 horses, 1 of which was a little bay stallion, & grew into 1 of the major TB stables w/over 100 prime horses. And we still had that little bay stallion. That bay alone has over 200 getget to his name & the stable is proud to state we have produced over 400 outside get in 4 years--every one worth his/her china or plastic! I'm VERY proud of the reputation WINDSOR earned, & I can only hope that when I start over again in 3 years, we can achieve NEAR the fame & the happiness we leave behind now... We'll be watching y'all thru the MHSJ pages, so be good & ride a smooth trail, and remember, 'Thoroughbred Does It Better'! Alma M. Souza & WINDSOR DOWNS, 43 Brooks Str., Maynard, MA 01754...byo. *+*
