MODEL NEWS NOTE: Reader PMcC. reports she saw some unusual models re-
cently. She asked if I knew there is a Hong Kong company making copies
of the Hart. Tinymites! They seem to be exactly the same except with no
Hart. stamp & the paint jobs are different. She saw some in a gift shop
at Royal Gorge, Colo. She didn't get a good look at them but did buy a
Belgian & reports the coloring on it is better than the Hartland/Circle
H version. Does anyone know anything further? Who made them? when? What
molds are available? Thanks, Patty, for reporting that info! As you all
know, the Hartland horses were disc. some years ago. Then they were re-
made for about 2 years if that long under the Strombecker/Circle H name
from the original molds. As of this writing, the only ones being made
now are copies since the plastic shortage & costs of producing the Cir
H models led to their being completely discontinued. Hence, the older
horses DO command somewhat higher prices these days. Happy Hunting!

BAUM ORIGINALS, CUSTOM REPAINTING & REPOSITIONING! I'll repaint plastic & ceramic model to your specifications. Will also reposition Breyers, such as moving head, legs, etc. if you so desire. For an additional realistic touch, I'll add hair mane/tail if you wish. My rates are reasonable & all orders satisfaction guaranteed. If you don't like the job, I will either keep it myself or do it over for you. The rates below are APPROXIMATE, so sizes & rates differ. If you want to be sure, call or write for an estimate (no collect calls). I also have some top quality finished reps. for sale, send SASE for list. Will accept orig. fin. Brey, H-R's & some Harts. to trade. Thanks. Lynne Baum, 17405 No. 30 St., Phoenix, AZ 85032. (602) 992-8970. Thanks!

Right, I never got either model--and I sent postage for both. What to do?' Ed. This is a VERY common gripe I get every year. In that case, TELL the winners what happened. If you fail to send it after getting the postage

cont. Gripe... money sent your way, then you are likely to have steps taken to blacklist you from holding further shows nowadays. I realise as do others that it COSTS MONEY to put on a show much less give nice awards, but you are doing yourself as well as the hobby GREAT disservices by not giving the model after they've sent you the postage money, etc. I myself am OWED a Breyer PA stal., plus several SM's, which I doubt very much I'll ever see, even after the postage money WAS sent. Failure to send items in the future will result in NO more show ads for you, UNLESS a GOOD explanation is received. I, as well as others, am tired of the ripping off, and we refuse to stand for it. So beware! Please! The few who hold out cause so much trouble for the good folks who DO give their promised awards! I realise there is NO way to check out all prospective showholders as we all must rely on them, trust them, etc. with our pix & awards to be sent. But if the few known people who cause such problems are outlawed from holding shows, maybe that can help? I KNOW I sound rather mad & putting my foot down, people, but after reading so many pleading letters from young showers who are being fast disillusioned by these people, you'd understand better & clearer. Thanks--send prizes, NOW.

FOR SALE!! I've been showing for 3 years, ending last spring. I didn't show my horses much but they tried to prove themselves, so I want each to go to a showing stable only.
